

Rotork is an international company operating in numerous locations across the world. Our business purpose is to keep the world flowing for future generations, with a vision to be the leader in intelligent flow control.

To achieve this, we are committed to delighting our people, those working on our behalf, our customers, our stakeholders, and the communities in which we operate with the Quality of our products and services.

Our Guiding Principles

- **Everyone Owns Quality:** we are all responsible and accountable for our Quality culture, behaviour and performance.
- **Clear Management Direction:** we will provide a clear, compliant quality system and framework that meets our own and our customers' business needs.
- **Continuous Improvement in the Quality of our Products and Services:** we will continue to enhance our quality performance by measuring ourselves and our products, by listening to our customers and our people, and by being willing to change.
- **Develop Our People:** we will nurture our people and suppliers by building and delivering Quality education, training and skills, all within a safe environment.
- **Create Value:** we will deliver outstanding Quality, cultivate a rewarding work environment and delight our stakeholders.
